SCHOOL NOTICES

We are so looking forward to having our school family back together again, it has been such a long time since we have seen some of you, but I do hope you have had a lovely summer and your children are ready to get back into the routine of school.

I am sure some of you (and your children), may be feeling anxious about returning to school. Please be reassured that we have everything in place that we have been advised to do to try and minimise the spread of infection. I cannot guarantee we won't get anyone catching the virus, but we will certainly do all we can to prevent the spread in school, with everyone playing their part.

I have attached some photos at the bottom of this letter to share with you and your children some of things you will see and what the classrooms look like. Please note that our children in preschool and class 1 are not expected to socially distance hence their tables are not separated. They will still be expected to carry out all other procedures such as regular washing of hands and their tables and equipment will be cleaned regularly.

Please make sure you have read the detailed information I have attached. This is the same information I sent at the end of term with minor changes in green.

DINNER OPTIONS

Please ensure you have completed the Forms (link below) before Tuesday to state what your child/children are having for lunch even if they are bringing a packed lunch from home. Reception children- please still select dinner choices for the first 3 days when they are doing half a day. This is due to meal planning for the term.
